

Miller Large Wrecker

Options & Features

Walk-Around 2012

Electrical and Lighting Options

2012 MMO System

- Wireless remote-no change (8-function shown)
- Three Solid-State mVECS for wiring junctions, located in drivers side forward toolbox or on the turret for a Rotator. Also new R260 remote receiver in same location, no external antenna
- Two multi-function backlit touch-screen displays (1 in the cab, 1 at the rear controls)

2012 Touchscreen Displays

2 touch screens are standard with either an MMO or MMGO system.

124004092

XP Spade (each)

124002619

Bus Lift Storage System (External-XP Units)

124002525 For 5" Tall Crossbar

Can be used with both 124001914 (Heavy Duty) and
124004079 (Extra Heavy Duty) lift systems

Bus Lift Storage for XP and RXP Units

124002525 for XP

124004190 for RXP

Can be used with both 124001914 (Heavy Duty) and
124004079 (Extra Heavy Duty) lift systems

SP Side Pullers

SP12,000 Sidepuller

124003034

Requires an additional 19" CA for Wreckers

SP20,000 Sidepuller

124002731

Requires an additional 27" CA

Rotator Options

Rotator Controls Explanation By Model

- 1130
 - Available with standard or proportional controls
 - Standard controls are non-lighted
 - Optional Proportional controls are lighted
 - Dual turret mounted winches are not available on 1030
 - The only auxiliary winch available is a single 25K deck winch
- 1140
 - Available with standard or proportional controls
 - Standard controls are non-lighted and control up to 1 auxiliary winch
 - Optional Proportional controls are lighted and control up to 2 auxiliary winches
 - Dual turret mounted 15K winches are available and require proportional controls
 - The only deck winch available is the single 35K deck winch (which does not require, but is available with, Proportional controls)
 - You must choose between either no auxiliary winches, a single 35K deck winch, or 2 turret mounted 15K winches. Turret mounted and deck mounted winches are not available together on 1140.

Rotator Controls Explanation By Model 1060S/1075S2/1075S

- Standard controls are only available in non-lighted configuration and will only control up to 1 optional deck winch. They are not available with the optional dual turret mounted winches.
- Proportional control upgrade is only available in lighted configuration, and include manual control handles on the drivers side only. Passenger side control handles are available as an additional add on option.
- Proportional controls are available with up to 4 auxiliary winches.
- Proportional controls are required for 2 or more auxiliary winches.

Rotator Standard Controls

1130-124004211
1140-124004208
1060S/1075S-124002588

Allows for a maximum of 1 deck drag winch. Not available with two or more auxiliary winches. Includes manual control handles for all outriggers

Rotator Proportional Lighted Controls

New Units See Matrix

Includes LH Only Manual Controls-Includes Panels For Both Sides As Shown
(Also Available As A Field Retrofit Kit 124002824)

Driver Side

Passenger Side

Proportional Controls Include electric control switches for all outriggers

Optional Passenger Side Manual Lighted Controls Upgrade

A Proportional system is required for use with this add-on option

New Units 124002803

(For Field Retrofit Use 124002800 -Only Includes Lighted Panels For Both Sides)

This option adds manual controls to the passenger side and replaces the panels as shown on the lower right of the previous slide.

Colored LED Control Lamps

(Optional Colored control handles)

Standard on all lighted control rotators. Has colored LED lamps to identify switch functions.

Rotator Controls Matrix

Determine which model in the red, then choose the number of drag winch(es) desired in black for that model. Continue to the right on the same line and select one of the numbers in the either of the green columns, the first number is for non-lighted controls, the second pair is for lighted/proportional controls. Based on your selection, you will need all the part numbers listed in that row in the yellow boxes. To add manual/lighted controls to the passenger side, you need to add 124002803 to your Husco proportional controls or 124004484 to your Walvoil proportional controls.

Model	Number of Drag Winches	Standard Controls, Non-Lighted	Parker Proportional Controls, Lighted	Walvoil Proportional Controls, Lighted	25k Drag	35k Drag w/o Walvoil	50k Drag w/o Walvoil	Dual 35K Drag w/o Walvoil	50k Drag w/ Walvoil	Dual 35K Drag w/ Walvoil	Dual 15K Turret 1140	Dual 22K Turret 1060S or 1075S/1075S2

Tubes on Crossover Tunnel

When ordering the optional crossover tunnel box for optional body lengths for 4024 - 9055 units.

For brooms, shovels, handles, etc.
Straps, forks, and accessories shown are sold separately

Xylan Coated Pins

Xylan pins are used on 3212 and larger units.

Xylan coatings provide lubrication and controlled friction, wear resistance, heat resistance, nonstick and release properties and, at the same time, can also protect from corrosion.

Xylan pins do not eliminate the need for grease.

Corrosion Inhibit

(Untreated)

We apply corrosion inhibitor to valves and cables to try to slow the effects of road chemicals, sun/UV damage, and time.

Deutsch Connectors on 2-Speed Winches

2.5 Degree 4-stage New Rear Spades and Feet

Retrofittable Features For Older Trucks
